

CLINEFFICIENCY.PRO

BUILT BY CLINICIANS.
ENGINEERED FOR REVENUE.

AI-POWERED REVENUE
PROTECTION ENGINE
for Inpatient & Institutional
Healthcare

CLIP

CLINICAL & LOGIC INTELLIGENCE PLATFORM

REVENUE PROTECTION ENGINE • PAYER NARRATIVE INTELLIGENCE • DENIAL RISK SURFACE

SURFACES DENIAL RISK

Identifies clinical, technical,
and documentation gaps
before they become
denials.

MAPPED TO INSURANCE TYPE

Understands payer
behavior, policy nuance,
and adjudication patterns
by insurance type.

PAYER NARRATIVE INTELLIGENCE

Generates defensible,
payer-aligned narratives
that strengthen medical
necessity and outcomes.

REVENUE PROTECTION AT SCALE

System-level visibility into
utilization, denials, and
financial risk across the
inpatient lifecycle.

CLEARANCE LEVEL:
SYSTEM-LEVEL AUTHORITY
ENTERPRISE REVENUE DEFENSE

PURPOSE-BUILT FOR:

- Inpatient Hospitals & Health Systems
- Case Management & Utilization Review
- Revenue Cycle & Denial Management
- Quality, Compliance & Medical Leadership

“ We don’t adapt to broken logic—
we replace it with clarity. ”

CLIP operates on verified, current payer intelligence—
eliminating downgrade risk from outdated or
inconsistent policy logic and protecting revenue
where hospitals are most vulnerable.
